

COVID-19 SELF-SCREENING

For every person entering Orchestra Hall

A. Do you currently have any of the following symptoms?

1. Fever of 100.4° F or above or chills
2. Shortness of breath or difficulty breathing
3. New or unexplained fatigue
4. New or uncontrolled cough (or above baseline for those with chronic cough due to asthma/allergies)
5. New or unexplained diarrhea, nausea, vomiting, and/or abdominal pain
6. New or unexplained sore throat
7. New or unexplained significant muscle pain or body aches
8. New or unexplained headache, especially with fever
9. New or unexplained loss of taste of smell

B. In the past 10 days, have you been lab-confirmed or in close contact⁵ with someone who is lab-confirmed for COVID-19?

If you answered yes to any of the above, you may not enter any Fort Worth Youth Orchestra facility or event until one of the following criteria has been met:

1. It has been 5 days and I have received a negative test today. My symptoms have been improving and I have been fever-free for the past 24 hours without the use of fever-reducing medications and I am able to wear a well-fitting mask through day 10.
2. I have no symptoms, can provide proof of vaccination being up-to-date OR can provide proof of a positive case of COVID in the past 90 days, and I am able to wear a well-fitting mask through day 10.
3. It has been 10 days since symptoms first appeared, 24 hours with no fever without the use of fever-reducing medications, and symptoms 1-8 above consistent with COVID-19 are improving.

⁵ Close contact definition: You were within 6 feet of someone who has COVID-19 for a total of 15 minutes or more over a 24 hour period. People who have been exposed to someone with COVID-19 after they completed at least 5 days of isolation are not considered close contacts.
